AT A GLANCE

The Mercury MerCruiser 6.2L MPI 350 hp sterndrive is a...

The Mercury MerCruiser 6.2L MPI 350 hp sterndrive is a 6.2-liter V8 gasoline engine with electronic multi-point injection (MPI). It's the top-of-the-line version of the 6.2-liter V8, producing 350 hp and featuring Digital Throttle & Shift (DTS). Full throttle RPM is 5000-5400, and the alternator is 70 A. A SeaCore version is available upon request.

DESCRIPTION (CONTINUED)

The price quoted is Brunswick Marine's non-binding recommended retail price, including VAT, for the engine with transom mounting system. The sterndrive, rigging package (instruments, shifting, steering), and propeller are priced separately – we would be happy to put together a complete offer for your boat.

Installation, commissioning, sea trials, and service are handled at our workshop on Lake Constance.
