This is a new Scanner 650 Liberta inflatable boat, measuring...

This is a new Scanner 650 Liberta inflatable boat, measuring 6.5 meters in length and 2.5 meters in width. The hull is white, and the tubes are made of carbon-gray Hypalon. The boat is powered by a 100 hp Honda outboard motor. Features include a bench seat with cushions, a sun lounger, a console with steering, a stainless steel bimini top, Flexi Teak decking, and a FUSION radio with four speakers.

That year, the engine was replaced with a Suzuki 100 hp engine, modified to 140 hp. The engine has hardly any operating hours since then and is still under warranty until 2030.
