AT A GLANCE

The 38 Grand Sport was developed with one clear goal:...

The 38 Grand Sport was developed with one clear goal: to achieve exceptional top speeds without sacrificing everyday usability. In the limited Super-Fast Edition with three outboard engines, it reached speeds of over 100 knots in tests – the regular twin-engine version, however, remains a true high-performance boat, capable of speeds up to 80 knots. Its athletic silhouette with a sharp, semi-wave-breaking bow and modular deck layout make it versatile: a sleek yacht tender, a sporty commuter boat, or simply a head-turner on the water. The console with its full-glass windshield and carbon hardtop provides weatherproof protection at the helm,
