The GT7 is Technohull's most compact RIB and a true...

The GT7 is Technohull's most compact RIB and a true shape-shifter in its class: at just 7.8 meters in length, it offers a deck typically found only on much larger boats. The sporty center console with ergonomic seats and a digital touchscreen system ensures focused driving, while the forward Delta sunbed can be extended to create an even larger lounging area. Thanks to the patented Dynastream hull technology, the GT7 planes even at low speeds, saving fuel and providing a smooth, comfortable ride – yet speeds of up to 55 knots are easily achievable. Whether used as a yacht tender or a standalone day boat, the GT7 combines compactness with
