AT A GLANCE

The ZAR mini LUX range offers significantly more comfort than...

The ZAR mini LUX range offers significantly more comfort than classic RIB models: a bow storage compartment, a flat double bottom, and a self-bailing cockpit are all standard features. Equipment such as teak-look EVA flooring, bow cushions, and a high-quality steering console complete the boat, while four davit points facilitate launching from the yacht. The tubes are made of CSM (Hypalon), the durable successor to Hypalon with high UV and weather resistance. At 3.90 m in length, the boat accommodates up to 6 people and is designed for outboard motors up to 50 hp.

Options: Sun awning, Additional bilge pump, Swim ladder
