The ZAR mini RIB 15 utilizes reinforced 1,500 g/m² tube material, standard for this size, for added robustness. A bow storage compartment, a flat double bottom, and an extra-wide bow provide ample usable storage space on board. The bow storage compartment and flat double bottom also offer additional storage space and a comfortable, level standing area. The tubes are made of CSM (Hypalon), the durable successor to Hypalon, offering high UV and weather resistance. At 4.60 m in length, the boat accommodates up to 9 people and is designed for outboard motors up to 60 hp.
