The ZAR mini RIB 16 features a deep-V hull for stable tracking even at higher speeds and is available in both DL and SC versions with a bow sunbed. A bow storage compartment and a flat double bottom are standard features. These provide additional storage space and a comfortable, level standing area on board. The tubes are made of CSM (Hypalon), the durable successor to Hypalon, offering high UV and weather resistance. At 5.00 m in length, the boat accommodates up to 10 people and is designed for outboard motors up to 90 hp.
