The ZAR mini RIB 8 is the most compact model...

The ZAR mini RIB 8 is the most compact model in the series, featuring a sturdy aluminum hull and three lifting eyes for easy launching. The lightweight aluminum hull allows for rapid planing even with low engine power and is resistant to gelcoat damage. A bow storage compartment and a flat double bottom provide additional storage space and a comfortable, level standing area on board. The tubes are made of CSM (Hypalon), the durable successor to Hypalon, offering high UV and weather resistance. At 2.40 m in length, the boat accommodates up to 3 people and is designed for outboard motors up to 6 hp. The fuel tank has a capacity of 12 liters.
